Education

Indian Institute of Information Technology, Surat 2024 – Present
Bachelor of Technology in Computer Science and Engineering CGPA: 8.38 — JEE Main: 97.661 Percentile — Category Rank: 10267

Baroda Public School, Vadodara 2022 – 2024
Class XII: 77% — Class X: 77%

Experience

LCS Coding Club, IIIT Surat June 2025 – Present
Problem Setter *Surat, Gujarat*

- Designed, reviewed, and tested algorithmic problems for weekly competitive programming contests.
- Mentored 300+ students through workshops on competitive programming fundamentals and version control basics.
- Contributed to organizing intra-college coding contests with participation exceeding 70 students.

Ruminate E-Cell, IIIT Surat June 2025 – Present
Corporate Team Member *Surat, Gujarat*

- Assisted in outreach, communications, and coordination for entrepreneurship-focused events and initiatives.

Projects

Student Productivity & Planner Application *Flutter, Dart, Node.js, Firebase, Google APIs*

- Developed a cross-platform productivity and planner application for Android, Windows, and Linux using Flutter, featuring task management, assignment tracking, attendance monitoring, GPA/CGPA calculators, habit tracking, and calendar integration.
- Integrated Firebase Authentication, Firestore for real-time synchronization, Google Drive API, offline caching, and local notifications while optimizing performance through modular state management and responsive UI components.

Federated Learning vs. Peer-to-Peer Analysis *Python, Machine Learning, P2P Networks*

- Compared Federated Learning and P2P Machine Learning architectures to evaluate convergence stability, scalability, and robustness against Poisoning, Sybil, and Noise attacks.
- Implemented distributed Mean and Median aggregation techniques to analyze system vulnerabilities and improve attack resistance in decentralized environments.

Codeforces Statistics Dashboard *React.js, Express.js, Recharts, Vercel*
cf-statistics.vercel.app

- Developed a full-stack analytics dashboard using React.js and Recharts to visualize Codeforces user ratings, contest history, submission heatmaps, and performance trends.
- Built a Node.js/Express.js backend to integrate the official Codeforces API, manage CORS, and process real-time user data efficiently.
- Deployed the application on Vercel with responsive UI components and interactive data visualizations for enhanced user experience.

Technical Skills

Programming Languages: C++, C, Python, JavaScript, SQL, Java
Frameworks & Technologies: React.js, Node.js, Express.js, Flutter, Firebase, Vite
Web & Database: HTML, CSS, Firebase Firestore, MySQL
Developer Tools: Git, GitHub, Vercel, Google Colab, Android Studio, MATLAB
Core Concepts: Data Structures and Algorithms, OOPs, DBMS, Operating Systems, Computer Networks

Achievements

- **ICPC Asia Regionalist 2025** with Rank 195 in the Mysuru Onsite Regionals.
- Secured **Rank 1249** in the **IICPC** (InterCollegiate Informatic and Competitive Programming Camp Pvt. Ltd.) Preliminary Round among 12,408 nationwide participants from IITs, NITs, IIITs, and other institutions.
- Secured Rank 7 out of 200 in CodeStorm organized by IIIT Bhagalpur
- Achieved 1st position three times in solo and 2nd position 3 times team contest in IIIT Surat coding competitions.
- **Coding Profiles: Codeforces Max Rating:** 1502(Specialist) | **LeetCode Max Rating:** 1878(Knight) | **CodeChef Max Rating:** 1722(3⋆).
- Achieved **Global Rank 1297 / 26806** in LeetCode Biweekly Contest 170.
